Summary

Motivated Full Stack Developer with a keen eye for security features. Skilled in AI technologies and Java/Python Development. Seeking new challenges and hand-on experience to deepen my expertise.

Experience

Web Development / Cyber Analyst

FREELANCE

03/2020 - 03/2022

During my studies, in order to practice my skills I have taken several tasks as a Developer or Analyst.

Praktikum

SDUI

01/2019 - 03/2019

My first real working experience in my field. SDUI develops utility software helpful for tasks such as scheduling.

Skills

Binary Analysis and Exploitation, Full Stack Development, Algorithm Design, Java, Python, React JS

Education

Werner Heisenberg Gymnasium • Neuwied, Rheinland-Pfalz

03/2020

During my A-Levels I enjoyed the benefits of the MINT Program allowing me to take part in several competitions such as "Mathe Olympiade", where I achieved a third place prize in the third round, "Olympiade der Informatik" ect.

Cyber Security

Rheinische Friedrich-Wilhelms Universität Bonn • Bonn, Nordrhein-Westfalen
